Learning Objectives

Knowledge

Participants will gain an understanding of the latest diagnostic criteria and classification of chronic urticaria, including the identification of autoimmune and antihistamine-resistant subtypes.

Skills

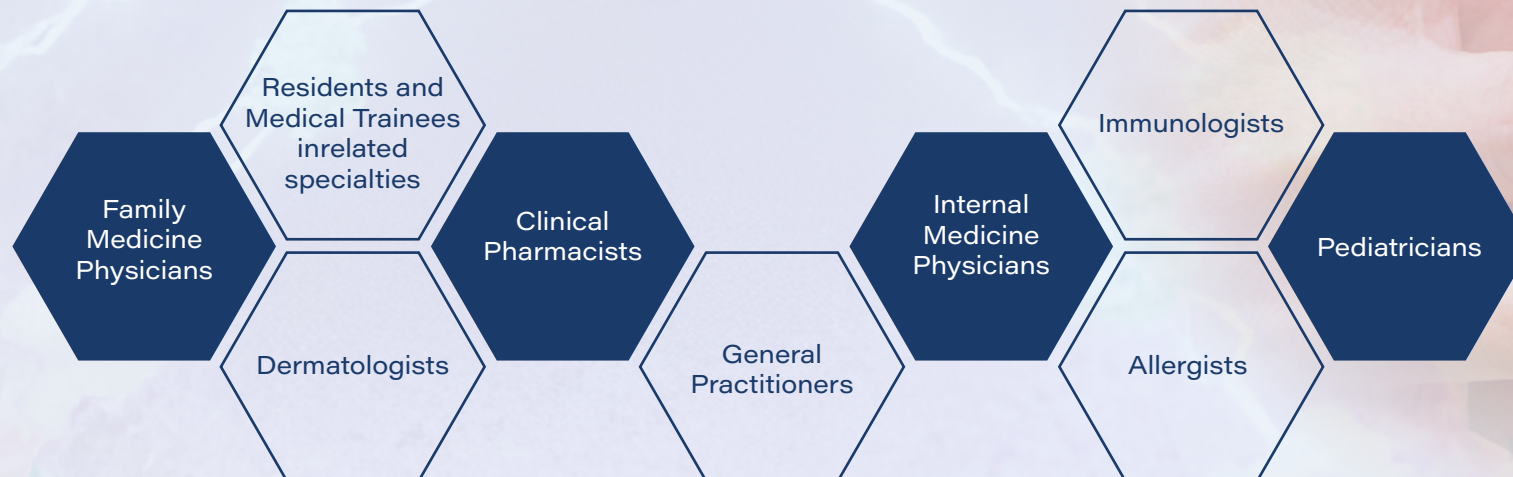

Participants will develop the ability to apply evidence-based treatment strategies, including the appropriate use of biologics and stepwise pharmacological therapy in managing chronic urticaria.

Abilities

Participants will enhance their ability to assess disease activity using standardized tools and improve patient management by integrating quality-of-life measures into routine care.

Target Audiences

SCIENTIFIC AGENDA

MASTERCLASS ON THE STATE-OF-THE-ART MANAGEMENT CHRONIC URTICARIA

8:30 - 9:00	Registration	
9:00 - 9:15	Kick-off & Goals: Setting the Stage for Urticaria Excellence	Prof. Mohamed Abuzakouk
9:15 - 9:45	Unveiling the Spectrum: Mastering Diagnosis in Chronic Urticaria	Dr. Hamad Al Hameli
9:45 - 10:15	Inside the Disease: Decoding the Pathophysiology of Chronic Urticaria	Dr. Fulvio Salvo
10:15 - 10:45	Beyond Meds: The Power of Lifestyle & Complementary Approaches	Dr. Shuayb El Khalifa
10:45 - 11:00	Coffee Break	
11:00 - 11:30	Sponsored Session: Breaking the Distressing Cycle of CSU Disclaimer to Learners: This scientific talk is sponsored by Novartis	Dr. Meera Al Adawy
11:30 - 12:00	Guidelines in Action: Proven Strategies for Managing Chronic Urticaria	Prof. Mohamed Abuzakouk
12:00 - 12:20	Next-Gen Treatments: Exploring Biologics & Targeted Innovations	Prof. Mohamed Abuzakouk
12:20 - 12:40	Case Connect : CSU Part 1	Dr. Hamad Al Hameli
12:40 - 13:00	Case Connect : CSU Part 2	Dr. Shuayb El Khalifa
13:00 - 13:20	Case Connect : CSU Part 3	Prof. Mohamed Abuzakouk
13:20 - 13:30	Expert Q&A: Interactive Discussions in Action	ALL SPEAKERS
13:30 - 13:45	Closing Remarks	Prof. Mohamed Abuzakouk
13:45 - 14:45	Lunch
